

JAL Groups Announces the International Flight Frequency and Fleet Plans on after June 1, 2013

TOKYO April 30, 2013: JAL Group has announced the international flight frequency and fleet plans until May 31, 2013, and today proclaims flight frequency and fleet plans on and after June 1, 2013 with the resumption of Boeing 787 aircraft.

Boeing 787-8 will return to service in sequence on after June 1, 2013 after completely confirming the safety and reliability of the aircraft, including the proper installation of the improvements. JAL restarts daily service between Tokyo (Narita) and Boston as well as San Diego, and the daily non-stop service between Tokyo (Narita) and Helsinki will be launched from July 1, 2013 which was postponed in February 2013.

Larger aircraft, Boeing 777-200ER instead of Boeing 767 will be assigned to fly between Japan and Bangkok and Honolulu in order to meet a robust passenger demand and further maximize revenue.

With the aim to achieve “Customer Satisfaction No.1”, one of JAL Group Medium-Term Targets, JAL is actively moving ahead to provide our passengers much more quality products. 777-300ER (JAL SKY SUITE 777) has been introduced on European and North American routes, in addition, More products like the seats are going to be refurbished on European and North American routes as well as Honolulu and Bangkok(Narita/Haneda=Bangkok) routes which Boeing 787-8 and Boeing 777-200ER have been used for. The aircrafts equipped with personal TV will be arranged on all the international routes during the first half of fiscal year 2013(year ending March 31,2014).JAL strives to make every customer’s journey refreshing and comfortable experience.
