

JAL Announces International Fare Fuel Surcharge For Tickets Issued Between October And November 2015

Tokyo August 19, 2015: Japan Airlines (JAL) will maintain current levels of fuel surcharge on all international passenger tickets purchased in Japan between October 1 and November 30, 2015.

JAL sets fuel surcharge levels bimonthly based on the 2-month average price of Singapore kerosene-type jet fuel. The price of Singapore kerosene-type jet fuel during the two month period of June and July 2015 averaged US\$70.17 per barrel, which accounted for 8,665 yen in the average exchange rate of 123.49 JPY/USD during the same period.

As a result, with reference to the fuel surcharge benchmark list for FY2015 in Japanese yen, this corresponds to Zone C of fuel surcharges.
