

## JAL Extends Service Period of 15 Minutes Free Inflight Internet Campaign on Domestic Routes until March 31, 2017

**Tokyo August 19, 2016:** Japan Airlines (JAL) decided to extend service period of 15 minutes free inflight internet access to all customers flying on domestic routes. This free campaign will be prolonged until March 31, 2017. Currently, JAL is flying 69 domestic aircrafts equipped with Inflight Wi-Fi system, and all 77 domestic aircrafts will be equipped by March 2017.

Free inflight video programs such as sports, gourmet, music and animation etc. are also provided in these Wi-Fi equipped aircrafts, available through streaming with customers' own Wi-Fi devices.

### Details of the 15 minutes free campaign as below:

**Effective Date:** April 20, 2016 ~ March 31, 2017

**Applicable Flights:** All domestic routes flying with JAL SKY NEXT fleets (In-flight Wi-Fi available)

**Details:** All customers on applicable flights will be able to enjoy 15 minutes free in-flight internet access. "FREE 15-MINUTE PASS" button will appear on the portal top page after connecting to inflight Wi-Fi on applicable flight.

Normal Rate: 30 minutes plan/400yen  
Flight plan/500~1200yen (depending on route/device)
