Operation of Extra Flights to Hawaii

- Travel restrictions are still intact for flights between Hawaii and Japan. Currently, travelers must be quarantined for 14 days upon entering the State of Hawaii.
- From October 15, the State of Hawaii announced plans for a pre-travel testing program for COVID-19. This rule allows travelers to avoid the 14-day quarantine measure if tested 72 hours prior to arrival with an FDA-approved test that shows proof of a negative result.
- Since September 1, all travelers to the State of Hawaii must submit their local contact information, itinerary, and health conditions prior to travel via the following website.
