

JAL Announces International Fare Fuel Surcharge for Tickets Issued Between February and March 2019

Tokyo, December 19, 2018 – Japan Airlines (JAL) has requested for approval from the Japanese Ministry of Land, Infrastructure and Tourism (MLIT) to set the level of fuel surcharge on international passenger tickets purchased in Japan between February 1 and March 31, 2019.

JAL sets fuel surcharge levels bimonthly based on the 2-month average price of Singapore kerosene-type jet fuel. The price of Singapore kerosene-type jet fuel during the two month period of October and November 2018 averaged US\$89.37 per barrel, which accounted for 10,105 yen in the average exchange rate of 113.06 JPY/USD during the same period.

As a result, with reference to the fuel surcharge benchmark list for FY2018 in Japanese yen, this corresponds to [Zone E](#) of fuel surcharges. From February 1 to March 31, 2019, it will range from 1,500 yen on a Japan – Korea ticket to 17,500 yen on Japan – USA ticket per person per sector flown, on tickets for travel originating in Japan.
