

JAL Group Route and Flight Frequency Plan of Second Half FY2009: Revision 2 **International service between Osaka and Dalian to be discontinued.**

Tokyo, September 18, 2009: The JAL Group announced today, further revisions to its route and flight frequency plan for international passenger operations for the second half of FY2009.

Progressing with restructuring efforts by reviewing its overall network coverage, JAL will withdraw its once-daily service on the international route between Osaka (Kansai) and Dalian from October 25, 2009. JAL still connects Japan with Dalian by a single daily flight between Tokyo (Narita) and the Chinese city.

Japan Airlines apologizes and seeks the understanding of passengers who will be inconvenienced by this change.

International Flight Change

Route	Details	Date Effective
Osaka (Kansai) - Dalian	From 1 daily flight to 0.	Oct 25, 2009

JAL will continue reviewing its passenger and cargo network, and expects to make further amendments to its routes, fleet and flight frequencies which will be announced whenever a change has been confirmed.
