

(Press Memo – For Immediate Release)
October.07, 2021

JAL Group Readjusts Domestic Network Plan between October 14– October 31,between November 01-November 30.

The JAL Group today announced further reductions on its domestic network between Oct.14 to Oct. 31,also decided to reduce flights during the period from Nov.01 to Nov.30, 2021. As domestic flights demand are gradually recovering, we will increase the number of flights to better serve our customers and expand the percentage of flights in November to 82% of the planned level. We will also consider revising our flight plan, such as increasing the size of our fleet and operating extra flights, as necessary, while monitoring demand trends on each route.

In accordance with the conditions of carriage, customers affected by the cancellations during this period will be re-accommodated on an alternative flight.

The “JAL Domestic PCR Inspection Service ” for JAL Group customers, from July onward, we will be expanding the program to include all JAL Group domestic customers and all fares offering better price.

In addition, the Japanese government is also offering free PCR and antigen quantification tests for passengers departing from Haneda, Narita, Nagoya(Chubu),Osaka(Itami), Osaka(Kansai) and Fukuoka to airports in Okinawa prefectures from Oct. 01 to Oct. 31, in order to ensure the safety of people in Okinawa prefectures as well as those who have no choice but to travel there.

We sincerely apologize for any inconvenience, this may cause to customers who have booked flights on the reduced schedule, but would like to ask for our customer`s understanding during this unprecedented time.
