(Press Memo – For Immediate Release) May 13, 2021

JAL Group Readjusts Domestic Network Plan between May 18 - May 31,between Jun 01-Jun 30.

The JAL Group today announced further reductions on its domestic network between May 18 and May 31, between Jun 01 and Jun 30. In accordance with the conditions of carriage, customers affected by the cancelations will be reaccommodated on an alternative flight.

The JAL Group has implemented key measures to provide our customers with a safe and secure travel experience, including an optional COVID-19 fee-based test for those with valid domestic reservations. To date, the carrier has received more than 22,000 applications to conduct pre-travel testing for COVID-19.

Due to a reduction in the demand for travel combined with government's declaration of a state of emergency, we have decided to close security checkpoint E of Haneda Airport T1 (Domestic) from May 17th. Please use security checkpoint B, C and F.

We sincerely apologize for any inconvenience, but would like to ask for our customer's understanding during this unprecedented time.
