## JAL Announces International Fare Fuel Surcharge for Tickets Issued Between April and May 2024

Tokyo, JAPAN – Japan Airlines (JAL) has requested for approval from Japan’s Ministry of Land, Infrastructure, Transport and Tourism (MLIT) to set the level of fuel surcharge on international passenger tickets purchased in Japan between April 1 and May 31, 2024.

JAL sets fuel surcharge levels bimonthly based on the two-month average price of Singapore kerosene-type jet fuel. The price of Singapore kerosene-type jet fuel during the two-month period of December 2023 and January 2024 averaged USD101.72 per barrel, which accounted for JPY14,775 in the average exchange rate of JPY/USD 145.26 during the same period.
