Japan Airlines Updates International Network Plans in May and in June-July,2022

As a response to the environmental changes caused by the impact of the COVID-19 infection, Japan Airlines (JAL) announced additional revisions to its international network plans for the Seoul route in May 2022 and for the North America, Southeast Asia, Oceania, Hawaii, and Guam route between June-July 2022 (*1).

JAL has been fully introducing the digital certificate application "VeriFLY" since October 2021 for safe and secure overseas travel, and in March 2022, the application will be available for flights to Honolulu on a further expanded list of routes. (*2) In addition, with the Japanese government's Quarantine Fast Track (*3) now available for entry into Japan, we recommend the use of the Quarantine Fast Track for flights departing from overseas to Japan.

JAL will continue to provide safe and secure travel experience to all customers.

Note:

*1 The Melbourne-Guam route covers the period from June 1 to 30. Plans for Europe and East Asia routes after June are still being worked out and will be announced separately. .
