

### **JAL Group Announces additional Flight Plans for FY2023 Winter Schedule on International Network**

1. As a response to the increasing demand for leisure travel during the New Year holidays,
  - JAL will operate 3 flights a week on Narita – Kona route. As a result, a total of 33 flights per week will be operated between Japan and Hawaii during the period, including flights departing from Haneda, Narita, Kansai, and Nagoya (Chubu) bound for Honolulu.
  - Narita-Guam route will see an increase in frequency, with daily flights available during this period.
2. Due to the growing demand for travel to Japan from our customers, the flights options on the Narita - Hong Kong and Narita - Taipei routes will be expanded. Additionally, seasonal flights will be operated on the Kansai - Taipei route.

TOKYO, Japan - The JAL Group has announced updates to its [International Flight Plans for the FY2023 Winter Schedule](#), which were previously announced on August 22, 2023. These updates will involve additional adjustments to the operations of specific routes to Hawaii, Guam (scheduled to commence in December), and select East Asian destinations.

As the demand for leisure travel is steadily increasing and the inbound demand to Japan remains strong due to the weakness of the Japanese Yen, JAL will be operating the following flights to further enhance the convenience for our customers.

- During the New Year holidays, there will be 3 flights per week on the Narita - Kona route. This will result in a total of 33 flights per week between Japan and Hawaii, including 14 flights from Haneda, 7 flights from Narita, 5 flights from Kansai, and 4 flights from Nagoya (Chubu) to/from Honolulu.
- During the New Year holidays, the number of flights on the Narita - Guam route will be increased from 4 flights per week to daily operation.
- Starting from October 29, JAL will temporarily increase the number of flights on the Narita - Hong Kong route from 5 to 7 flights per week (\*1), and on the Narita - Taipei (Taoyuan) route from 7 to 14 flights per week (\*2). Additionally, JAL will operate seasonal flights on the Kansai - Taipei (Taoyuan) route at a frequency of 4 flights per week (\*3).

(\*1) The increased frequency will be in effect from October 29, 2023, to December 27.

(\*2) The increased frequency will be in effect from October 29, 2023, to November 30.

(\*3) These flights will be operated from October 29, 2023, to January 8, 2024.

The JAL Group strives to generate social and economic value by creating “relationships and connections” through air transportation, aiming to provide a comprehensive route network that caters to the evolving needs of our valued customers.
