

JAL Group Announces Renewal of Domestic Flight Fares As of April 12, 2023

~The new fare will be renewed, more comprehensible, economical and convenient~

Feb 10, 2022

JAL group will totally renew its domestic fares for flights departing as of April 12, 2023, beginning sales from May 17, 2022.

The current 9 types of fares including "Normal Fare for Adults", "Special Fare" and "Advance Fare" will be abolished and merged into "Flex", "Saver" and "Special Saver" to make the fare structure simpler and easier to understand, and the method of setting Class J and First Class fares will be changed.

We will also introduce new fares that offer savings in various situations, such as Round-Trip and connecting flights, as well as "Award Ticket PLUS" in which the number of miles varies depending on congestion, to provide fares that are more comprehensible, economical and convenient to use than ever before.

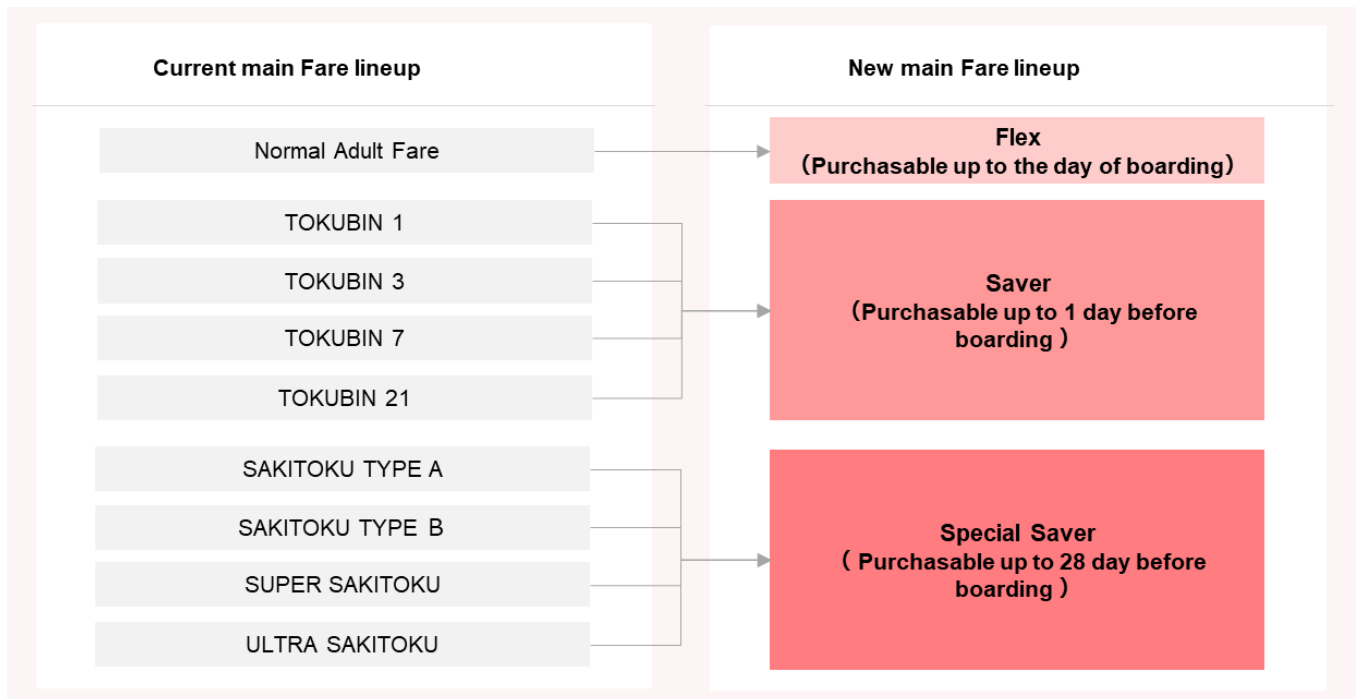

Key points of renewal

1. Simple and comprehensible Fare lineup

Domestic flight fares will be merged into "Flex", "Saver" and "Special Saver".

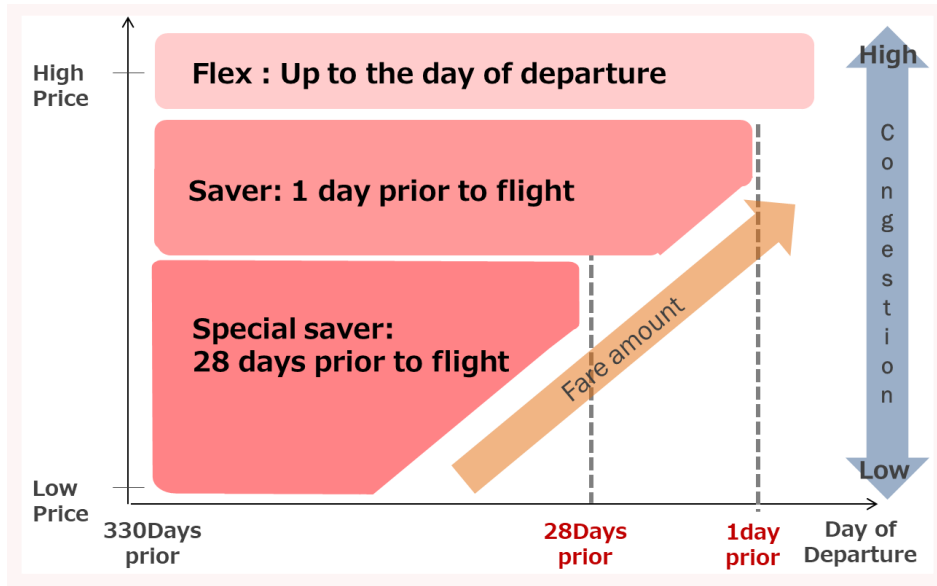

The current 9 types of fares including "Normal Fare for Adults," "TOKUBIN," and "SAKITOKU," will be replaced by simple and comprehensible fares.

For more information, please refer to the JAL website.

※The price of "Flex", "Saver" and "Special Saver" varies depending on the congestion situation.

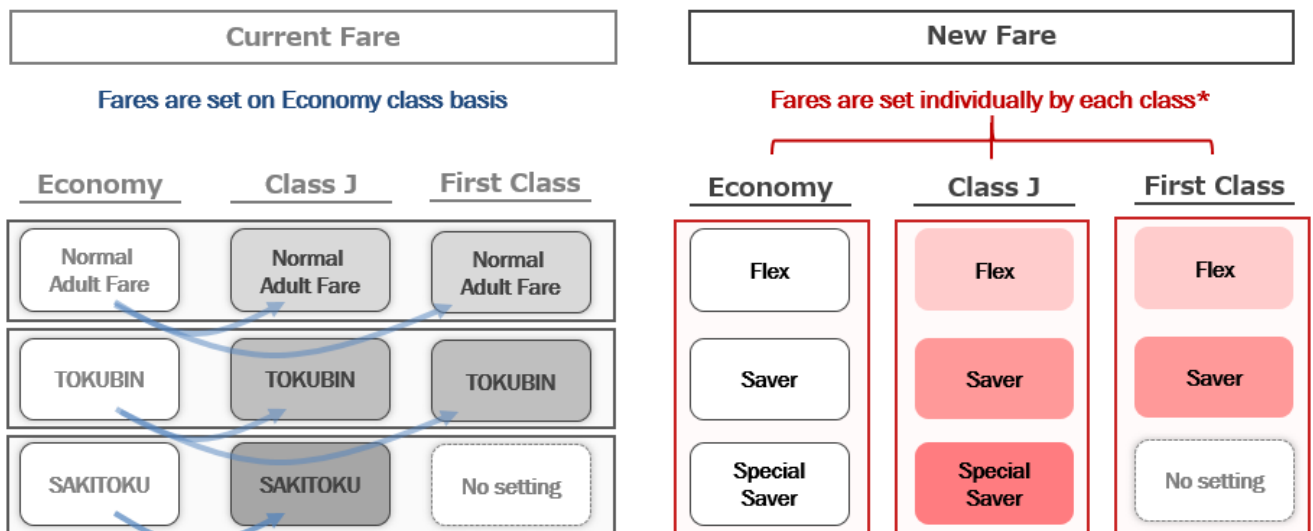

“Image of Fare Fluctuation”

2. Class J/First Class Fare setting

Previously, Class J/First Class Fare has been set based on the Economy Class fare with a certain amount added for all routes. However, from now on Class J/ First class fares will be set individually for each route. As a result, the price difference between the Class J/First Class fare and the Economy Class fare will no longer be a fixed amount common to all routes, but will vary by route depending on distance and other factors.

“Image of Class J/First Class fare setting”

Fixed price on all routes :
Class J+JPY1,000, First Class+JPY8,000

* Fares for each class will be set by route according to distance and other factors.

* The price varies depending on the congestion situation.

3. Economical Fare

① Expanded Round-Trip Discount "Round-Trip Saver"

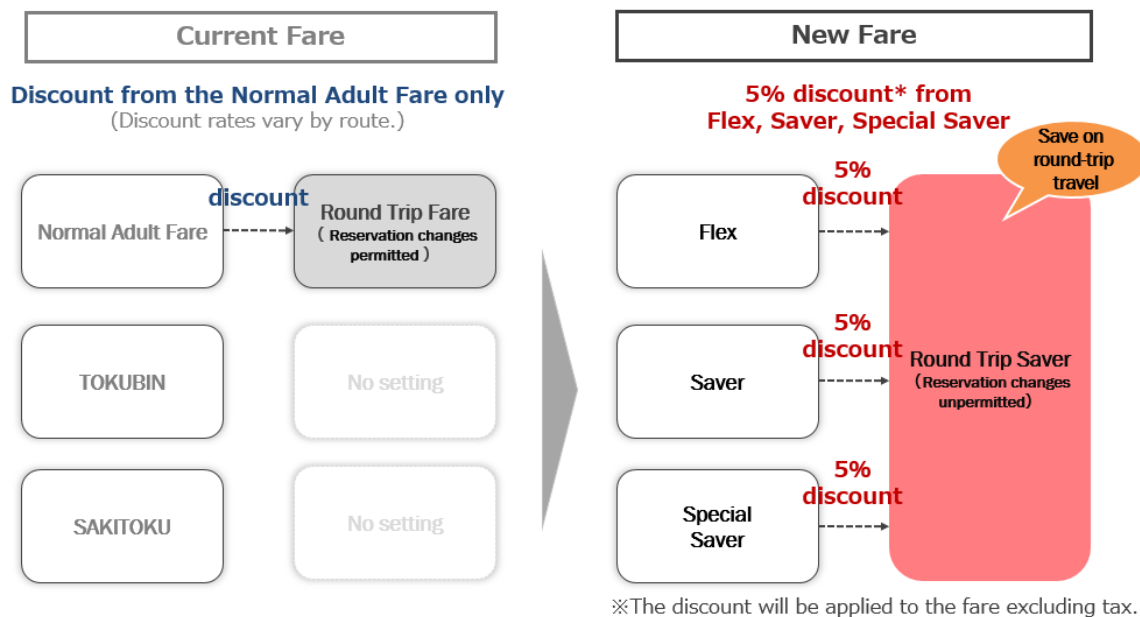

Previously, the Round-Trip discount was only applicable for "Normal Fare for Adults" for Round-Trip.

From now on, the Round-Trip discount^(*) will be applied to any combination^(*) of "Flex", "Saver" and "Special Saver" fares for both outbound and inbound trips.

(*) For example, if the fares are different for outbound and inbound flights, such as "Saver" for outbound and "Special Saver" for inbound, the discount will be applied.

(**) In any combination, the fare after applying the round trip discount will be "Round Trip Saver". (Reservation cannot be changed.)

② Expanding the eligibility for discounts for children, customer with disabilities, and caregivers returning home.

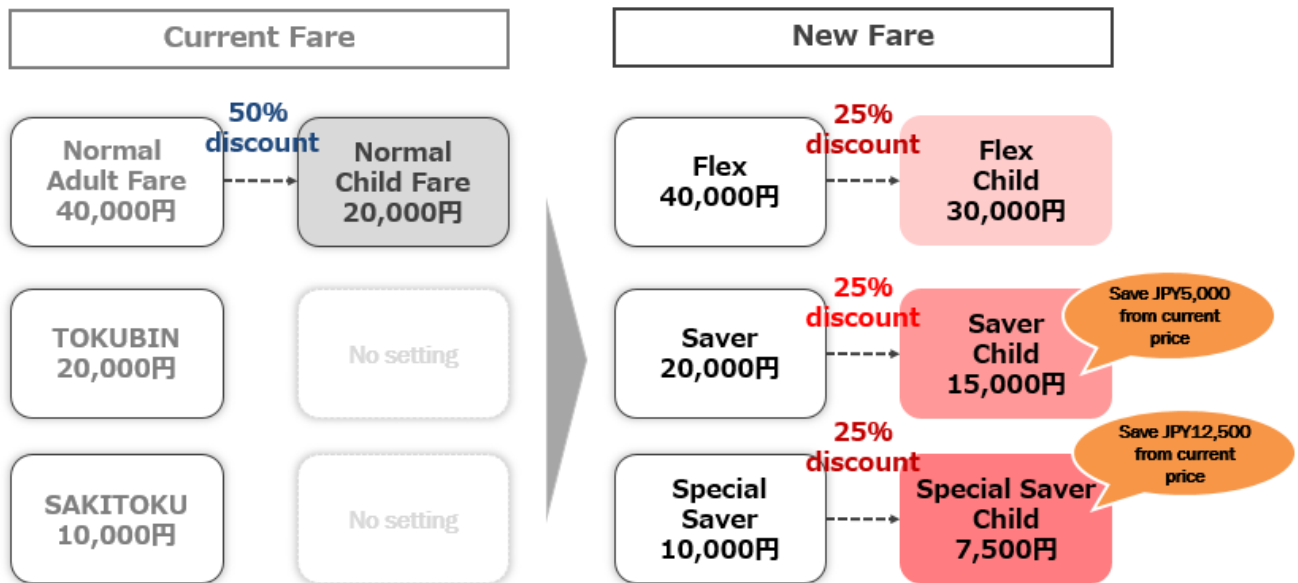

Previously, discounts for children, people with disabilities, and caregivers returning home have been offered as a discount on Normal Fare for Adults. From now on, the discount will be expanded to cover not only to "Flex" but also to "Saver", "Special Saver" and "Round Trip Saver" and the following discounts will be discount.

【Discount rate】

- Child discount: 25% discount from the applicable fare^(*)
- Customers with disabilities discount: 20% discount from the applicable fare^(*)
- Care Giver discount: 10% discount from the applicable fare^(*)

(*) The discount rate is based on the fare amount excluding tax.

“Image of Child discount”

※The discount will be applied to the fare excluding tax.

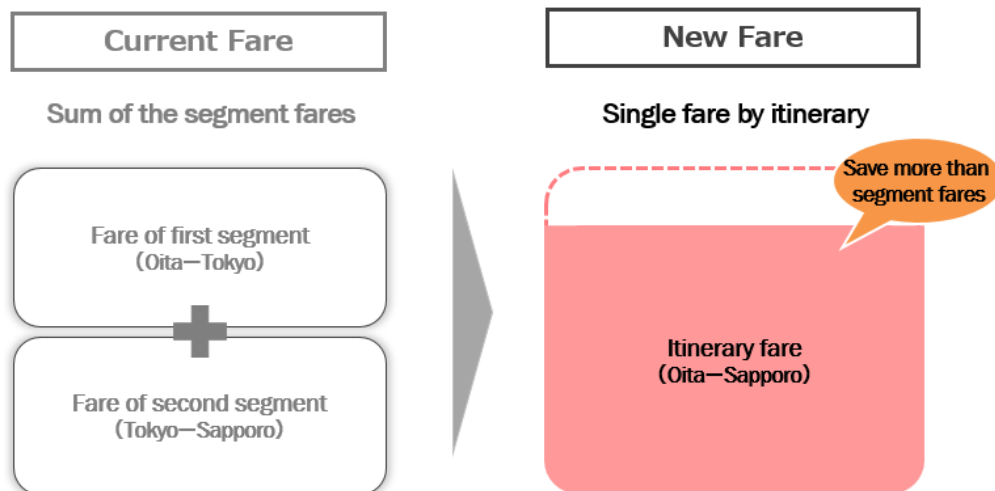

③Introduction of economical transit fares

We have established fares such as “Flex,” “Saver,” and “Special Saver” fares that are more economical than purchasing individual flights if purchased as a whole (*4) from the origin to the final destination when connecting multiple flights. These fares can be used in combination with the discounts in ① and ② above.

(*4) There is a condition that the fare can be purchased through JAL. For details, please refer to JAL Web site.

(ex: Oita departure –via Tokyo – Sapporo arrival)

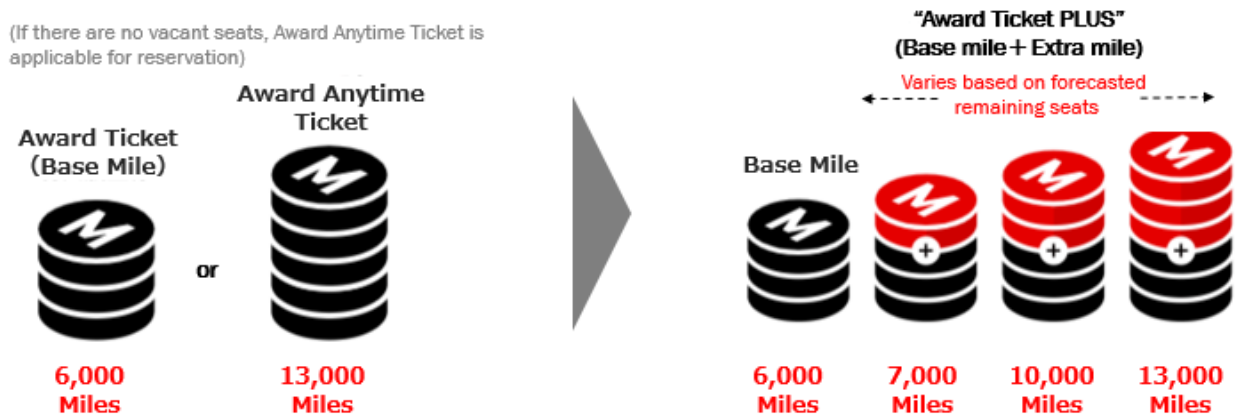

※There are some combinations of routes that do not offer transfer fares.

4. Convenient (Easy -to -use)"Award Ticket PLUS" miles

The "Award Ticket PLUS" service, already introduced for international flights, will be introduced for domestic flights as well. Currently, there are two types of mileage settings, "Award Ticket" or "Award Anytime Ticket", but the new "Award Ticket PLUS" will be even easier to use, with the number of miles varying according to congestion conditions.
