

**JAL/JTA Announces FY2026 Schedule on International Network**

Tokyo, JAPAN—Japan Airlines (JAL) and Japan Transocean Air (JTA) today announced their international flight frequency plan for fiscal year 2026.

- **With the launch of the Narita-Delhi and Naha-Taipei (Taoyuan) routes, total international flight operations will increase to 101% compared to the previous year.**
- **For Honolulu Routes, extra flights and aircraft upgauging will be implemented to meet high demand.**

Extra flights and aircraft upgauging using Boeing 777-300ER will be added to the Honolulu route during popular travel periods such as Golden Week and the year-end/New Year holidays. The number of flights operated with larger aircraft has increased more than fourfold compared to last year. While the Boeing 777-300ER is in operation, First Class service (JAL SUITE service) will be available to provide passengers with a more comfortable travel experience.
