

JAL to Commence Operation of Dedicated Cargo Aircraft on February 19, 2024

-Announcement of Operating Routes and Schedule-

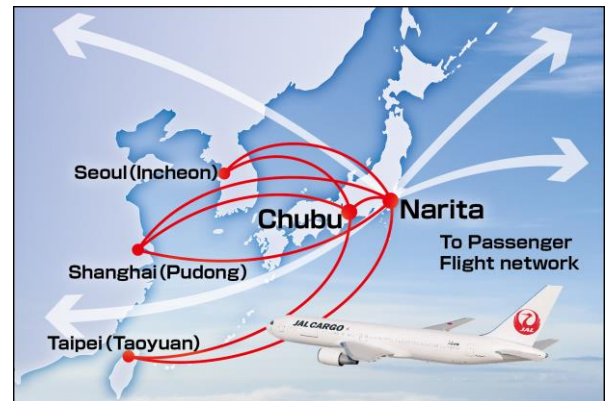

JAL Group (JAL) today announced the introduction of the Boeing 767-300ER freighter (dedicated cargo aircraft)(*1). The operation plan for the second half of fiscal year 2023 has been revealed, with operations scheduled to begin on February 19, 2024(*2).

(*1) Please refer to press release issued on May 2, 2023,

["JAL to introduce first Freighter in 13 years under new business model"](#)

(*2) Flights and schedules are subject to government approval.

The operation of the freighters will enhance stable and flexible air transportation capabilities, ensuring a steady supply. Furthermore, the development of a network strategy based on growing demand will ensure the satisfaction of customer needs and contribute to the sustainable development of the logistics infrastructure.
